Commodore's Corner

by Mark Boulding

The sailing season is rapidly drawing to a close. The days are shorter, nights colder and shadows noticeably longer. It is time to reflect on the 2006 season, and to thank all of you for the opportunity to serve this year as Commodore.

The character of the club has transformed from a fun group to a seriously fun group with more of just about everything that makes for a good time:

- More new members
- More boats racing
- More races
- More competition
- More protests
- More money raised for Leukemia
- More Leukemia cup participants
- More Media attention
- More Boats participating in the Parade of Lights
- More parties
- More burgers eaten Wednesday night
- More wind
- More demastings
- More water in the lake
- More fagawie craziness
- More miles raced
- More e-mail discussion
- More fine examples of seamanship
- More fine examples of sportsmanship

It all boils down to more participation and more good will toward the boating community.

I don't know a man, woman or child in this club who isn't a better sailor for having participated in Wednesday night racing, regattas, race committees, raft ups, barbeques, parties, e-mail discussions, and yes, protest hearings.

Come to think of it, I don't know anyone who hasn't also become a better person for being a better sailor. It all has to do with how rules define safety and fairness under the guiding principle of sportsmanship tempered by the passionate heat of competition. We have all experienced anger, rage and temporary insanity toward a competitor on the water and found that on dry land they are still our best friend.

I was very pleased to start this year by

hosting a meeting of commodores and fleet captains at my house where we discussed ways we might all work together on the Leukemia Cup Regatta to avoid conflicting schedules. I believe this helped create goodwill in an environment where I was surprised to see so much at cross purpose.

The energy and enthusiasm that swept along the Leukemia Cup Regatta created good will with the Marina, the Leukemia Society, the TV media and happy sponsors. It also had great participation from sailors around the state. The disappointment of an unavoidable conflicting regatta at Cherry Creek was more than offset by the generous donation of the Denver Sailing Association, DSA, of part of their entry fees to the Leukemia Lymphoma Society.

Other fine examples of good will surfaced at our new annual Pig Roast and our Fourth of July picnic as well as the Leukemia Cup Regatta Saturday night party where all Marina boaters were invited to join us and many did.

The good will and cheer that really made my heart glow was the Ranger Race, Wednesday September 13th. About a dozen of our Chatfield Park Rangers took the helm and had a fabulous evenings race and burgers afterward. Listening to these men and women laughing and joking about the race was extremely rewarding to all of us who participated. To hear stories about their daily encounters with public nuisances had us rolling on the dock. Their service to us in protecting our park and making it a safe place for our sport and our families can never be overstated and is too often under appreciated.

Finally, I just want to say thank you to every friend and member of the Colorado Sail and Yacht Club for a great year full of experiences I will always treasure. It has been a year that I hope will bring us all back for more. Don't forget the Columbus Day Regatta, Match racing every Wednesday night till it gets too dark and be sure to put Sunday, November 5th on your calendars for the Commodores Ball where we wrap up the season with a grand finale of trophies, awards, video and entertainment. See you there.

CSYC Pig Roast

If you missed the First Annual CSYC Pig Roast I'm sorry you were not able to make it, for it was a great event. Our Sailors started showing up around 2 PM to test the keg, it passed. The meat was served at 5 PM to the beat of a Hawaiian Drummer, thanks to Joe O. By this time our numbers exceeded 85 members and guests. We had many non-member sailors and power boaters join us for the festivities, I feel it's safe to say all had a good time!

Balloon Festival Raft-Up

Sorry to say Sal and I missed this one, we woosed out because of the weather. From what I have heard we missed the best raft-up yet. Saturday evening weather started out a little rough, but we ended up with 6 boats rafting up for the night. There were many appetizers and a lot of boat hopping lasting till midnight! Bill's Sunday morning breakfast was very good from all reports. He ended making pancakes for 30 club members and friends. It is amazing what you can do on a two burner stove. Breakfast was served while watching over 50 balloons lifting off and traveling in less than a half mile area the whole time. It was a great show.

Randy and Lisa Shelton Get into the Film Business

Does everyone remember the excellent video that Randy and Lisa Shelton created and shared with us last year at the Commodore's Ball? Well Randy has taken his hobby to a new level. Lisa & Randy have recently opened up a company called "Colorado Coconuts". The primary purpose is to film sailing events. Lisa says that they have made a substantial investment including buying the rights to some music, building a small studio and so on. Colorado Coconuts is in the process (& it takes quite awhile) of producing a short film called "A Pretty All Right Summer - 2006". This is going to be a "CSYC 2006 year book" hopefully capturing some of the best & worst of most of the sailors at CSYC. Randy says that they hope to have a rough draft ready for the Commodore's Ball for a preview. They will be taking orders for DVD's at that time. At this time the DVD is expected to be priced between \$35.00 to \$45.00 each.

PRO-WRAP Demonstration

October 21, 10:00 AM, at the southeast end of the car-truck and trailer parking lot. Lou will show us how the film is attached and shrunk to fit any boat. He is willing to supply us with the film and tools if we want to make this a do-it-yourself club project, and of course He will also install the complete cover for you.

COLUMBUS DAY REGATTA Chili Cook Off

Wow, what a turn out, we had 12 pots of Chile to taste and judge! Dan did a great job with the Dogs and Brats, with all the fixin's and the beer was cold! Sea Gull's was packed to the limit and we had a lot of hungry sailors and spectators after all the wind we had Saturday afternoon for the regatta. The top three winners this year were Shannon Arthur, Star Malouff and Joe and Denise Chinburg. Thanks to all for your support of the Regatta and the cook off. It seems the attendance of these events is better each year, Thanks.

The CSYC "Fagawie All night Race" was held on Saturday September 9th.

The competitors and a few well wishers including the Commodore and his lovely bride attended a raft-up prior to the race to enjoy some good food and the sunset. At precisely 19:20 the race began. Steady light breezes kept the fleet close together throughout the night, except for a brief period of strong wind at 4:00 which woke everyone up for the finish at 6:35. Stan Hullett finished very close to the rest of the fleet but because of a misunderstanding missed the last mark. Award presentation will be at the Commodores Ball. See the included results.

Next years Fagawie is planned for the first Saturday following the full moon in June or July to take advantage if the warm summer nights.

Columbus Day Regatta Wrap Up

I wanted to commend all of the people that worked so hard to pull off this regatta this year. You all did a great job.

I traveled to every major regatta this year in the SAIL area. CSYC held two regattas this year with the best attendance of all the regattas except for the Dillon open. All of the other regattas' attendance were off by 50%. We had close to or better than 100% participation over last year. That is awesome. I expect this will help bring more people in next year also.

We had great fleets this year. The one design fleets included U20s, Capri 22s, Stars (including the district champion), a pair of Lightning's that were able to match race. We the strongest A Fleet we have seen here in years and a competitive B fleet with 13 boats. The race committee with leadership from Michael was awesome, the planning from Ross and Roy brought it all together and the social activity from Stan made it a great weekend. I know there were others that helped in making this all happen.

The club took some risk with the racing schedule this year. For many years it seems like we spent the time on the lake when there was light or no wind and spent the time on the docks or in the restaurant when there was plenty of wind. This year we extended the Saturday racing until sunset and had an early start on Sunday. We did not need the extra time that we allotted on Saturday with the great winds all day, in fact I don't believe anyone would have wanted us to go any longer than we did, but Sunday worked out real well with the light winds early in the morning and not winds after 1:00. We had four good, hard races on Saturday and with the early start Sunday we were able to get two races in before the wind died at 12:30 for the rest of the day.

See the final results in the newsletter. For the detailed race results, visit our website at www.cosyc.org.

Thanks to all for another great regatta!

SEE RESULTS ON PAGE 5

On-Line Registration & New Website

The club is in the process of creating a new website. On this website there is a registration area for providing the most up to date information concerning our club membership. The website is www.cosyc.org. To provide on-line membership information click the Apply Online button in the lower left margin, and register. This creates an entry in the member database that is very important for proper administration of the Club.

After you have registered, you may apply for a Members Log-in and have access to the member information for contacting your friends and fellow sailors within the club.
